PGDL ULAW CORE GUIDE

CONTRACT CHAPTER

OFFER AND ACCEPTANCE (Page 2)

The following note has been updated. This note is found at the end of Step 1, part 3, under the table.

NOTE: there cannot be ambiguity or uncertainty in the offer or its acceptance (*Scammell v Ouston*). Compare this with *Hillas v Arcos* where a contract for timber of “*fair specification*” was too vague but the court was prepared to honour the bargain on the basis of a previous agreement between the parties

TORT CHAPTER

REMEDIES

There is a page numbering error in the Remedies section of the Tort chapter. Page numbers 79 – 81 (inclusive) are missing.

Your guide will jump from page 78 (covering non-pecuniary losses under the heading Non-Fatal Claims) to page 82 (covering pecuniary losses and deductions).

No content is missing – it is just the page numbering which is incorrect.
